- WHEN: 3rd Saturday of each month 11:45-1:30 beginning July 16.

Saturday, June 17 will be the last time we provide a meal to medical respite. Because of their very strict COVID rules, we are replacing this ministry with LVS. This outreach is almost identical to medical respite except that we will serve and share the Gospel with veterans who have hit rock bottom and are working to resume normal, productive lives in a residential program exclusively for male veterans. We will plan to serve about 20, but I don't think we will know exactly how many until we start.

We will serve our prepared lunch and join them in the meal. We will offer prayer, Bibles and reading glasses. We will need men to give a 15-minute Devotional/Scripture study and share the Gospel. Any man interested in doing this devotion and sharing the Gospel, please see Elder Brian Hayes.

Sign-ups can be found in the Announcements or the Outreach section of the GH website. There is a sign-up for the monthly meal. Children 10 and older may come as well.
